ARTS & CRAFTS

 Mondays: Starts September 10th

Does your child love the experience of creating something he or she can use, or making a work of art for others to enjoy? In Arts & Crafts Club we teach young Apollo students many techniques to turn their ideas into reality. Our staff will help club members use their creativity and imagination to make gifts, decorations, or objects for their own practical use.

WORLD EXPLORERS

 Tuesdays: Starts September 11th

Our students will explore the mysterious rainforests, towering mountains, sweltering volcanos, and many other wonders our amazing planet has to offer. They will learn about world cultures, languages, and some pro travel tips. They'll also hear the stories of some of the daring explorers throughout history who gave us the maps and charts we use today.

APOLLO BRICKS

 Wednesdays: Starts September 12th

Everybody likes to build! Creating new objects has always been at the core of human existence, and is one of the most rewarding and fulfilling activities for the old as well as the young. In our club, children will learn many basic building techniques and will be encouraged to put their imaginations and hands to work to make their ideas turn into reality.

BOARD GAMES CLUB

 Thursdays: Starts September 13th

Whether in games of chance or games of skill, board games are an incredible source of fun, social interaction, and mental activity. Students in this club will play many of their favorite board games, and even learn some new ones to teach their parents.

APOLLO OLYMPIANS

 Fridays: Starts September 14th

Zumba! Yoga! Dancing! These are just a few of easy fitness activities we offer kids to make exercise so much fun that your children won't notice they're working out. When you motivate children to exercise, they will be happier, healthier, and more focused!

DAILY APOLLO CLUBS

OUR APPROACH

The Apollo After School program develops skills and interests that help children succeed both in and out of school.

Our clubs create a fun and healthy learning environment for our students through a mix of physical, intellectual, and social activities.
